

DIMMER RGB+W 12/24V 240/480W ZIGBEE

Code: 09004

Zigbee 3.0 Brightness regulator for 12-24-48 Vdc power supplies offering an effective solution for the regulation of the light intensity of RGB LED modules , RGB +, W in low voltage

Physical specifications

Body material	Plastic
IP	IP20

Electrical specifications

Protocol or operation mode	Zigbee
Power supply voltage type	DC
Input Voltage MIN-MAX (V)	12, 24, 48
Total maximum load (W)	480
Maxim. load per single output (W)	120

Dimensions and weight

Length (mm)	170
Width (mm)	53.4
Height / Thickness (mm)	28

Accessory codes

09005

Remote control RGB+W ZIGBEE 4,5V
